

WORK SPACE HERO:

More Storage Space
More Work Space
More Space Options

BRINGING WORLDS TOGETHER

A double depth design lets you store twice as much as traditional lateral filing cabinets.

The rotary design gives you fast and easy access from one or both sides of the unit.

Our exclusive Interconnect* feature lets you connect cabinets of variable heights to use space that might be wasted, such as underneath windows.

*Patent Pending

Trying to fit a world of information into traditional filing systems is a frustrating task. That's why we've developed Times-2 Speed Files, a compact storage system that rotates for fast access from either side, and gives you double the depth for more multimedia storage.

Utilize your space wisely.

Compared to standard filing systems, Times-2 Speed Files can greatly reduce the amount of square footage required. This space savings can be used for additional workstations, more storage, or whatever fits your particular business or office needs.

MORE SPACE TO PLAY WITH

Explore your options. Times-2 Speed Files make the most out of limited floor space.

With Times-2 Speed Files you gain 190 square feet.

With Times-2[™], it all adds up.

In the same room, 20 four-drawer lateral cabinets give you 3,200 filing inches. With Times-2 files, ten 7-tier units give you 3,360 filing inches in half the space. You gain an additional 190 square feet and more storage too!

MORE ROOM TO GROW

When you have to make the most out of limited floor space, Times-2 Speed Files let you explore new options — with space to spare.

The Times-2 files also feature Cyberlock, a state-of-the-art data-capture lock that lets you track and record system access, 24 hours a day. It's ideal for environments such as law enforcement, legal, health care, rare artifact storage, and more.

Cyberlock

Times-2 Speed Files are completely customizable to fit your space – your way. Whatever your business, whatever your need, there's a versatile accessory available. When you demand maximum work space efficiency, check out the options Times-2 offers to create a tailor-made solution for you.

SIZES	TIERS	HEIGHTS
LETTER		
LEGAL/EDP/A4-SIZE		
	8	92-1/2"
	7	82"
	6	71-3/8"
	5	60-7/8"
	4	50-3/8"
	3	41-5/8"
	2	29-1/2"
PLUS-SIZES* LETTER	TIERS	HEIGHTS
LEGAL/EDP/A4-SIZE		
	7	89"
	6	76-5/8"
	5	66-1/8"

^{*}Plus-Size units increase slightly in height for applications outside the range of a regular unit.

When you're planning work space, size does matter. Times-2 Speed Files come in a wide range of sizes and heights so you can find the perfect fit for your work space.

MORE COLORS AND DESIGNS

All the features of Times-2 come together to give you a galaxy of choices. We have the widest color selection in the industry and the largest selection of colors (eight) on our Xpress program. Times-2 Speed Files are also available in a variety of finishes, ranging from 29 elegant colors to unlimited custom colors, to create the look you want, or to blend with the space you already have.

Design Options

Overlay options include marker boards, fabrics, and laminates. Wood-Tek™ door and end panels are available in 10 stains and five species of real

Magnetic Application

Our Environmental Pledge

We use environmentally friendly Gloss-Tek™ powder coat on our Times-2 Speed Files. This finish is 100 percent non-emissive; free of formaldehyde, methanol, and other solvents; and completely friendly to artifacts, specimens, and documents.

No wonder we say that with Aurora, any color you choose is "green."

Times-2 Speed Files® give you more space to work with.

The locking, rotating Times-2 system occupies almost the same floor space as one lateral file, yet provides the storage capacity of multiple lateral filing cabinets. Find out how Aurora Times-2 can

bridge the two worlds of work space and storage space, by offering real solutions with efficient and flexible storage options.
